

# Teutonic Forces Nearing Bucharest

## Villa Captures Chihuahua: Residents Are at His Mercy

**REFUGES REPORT THAT BANDIT HAS CONTROL OF NORTHERN BASE AND PILLAGE FOLLOWS**

**REFUGEE PARTY FORMED**  
Will Be Several Days Before It Can Reach General Trevino's Army

**REFUGES HAVE BEEN RUN DOWN BY INVADERS**  
Believed Large Force Is Missing For Attack on American Border

El Paso, Nov. 27. Mexican refugees arriving here in a deplorable condition declare that General Trevino has evacuated Chihuahua City and that 40,000 residents are at Villa's mercy. Murder, pillage and rapine and the torch followed the entry of the bandit chief. The report that Villa controls the city is unconfirmed from other sources.

General Gonzales, de facto commander, is hurrying all available soldiers north of Chihuahua to the relief of Trevino. A garrison of 150 Carranza soldiers was withdrawn from San Juan and Buen Ventura. Other small forts were emptied to swell the numbers of the army marching to the relief of General Trevino.

General Mascott, with 3,000 de facto troops, is marching north of Santa Rosalia to aid the beleaguered garrison. Bridges south of Chihuahua City have been burned and it will take several days for the relief forces to reach Trevino.

General Gonzales has received a report that a band of Villistas under General Murguía is headed for the border.

Rumbling of cannon reported to the telegraph operator at Santa station by refugees and relayed to General Francisco Gonzalez at military headquarters here convinced the civil and military officers that General Trevino, Carranza commander, still held Chihuahua City at the close of the three days' siege by Villa and his bandits. Aside from this information, the commanding officers in Juarez knew nothing late tonight as to the day's developments in the state capital.

**Telegraph Line Cut.**  
The federal telegraph line which runs into the military headquarters at Juarez has been silent since 10 a. m., when communication with Chihuahua City was interrupted, soon after General Trevino sent a personal message to Mrs. Trevino assuring her of his safety.

The telegraph line is in operation from Juarez to Santa, the first station north of the capital, but Carranza officials said it had been cut between that station and Chihuahua City.

**Villa Attack Shifted.**  
The suspension of wire communication is considered by Carranza military officers here to indicate that Villa has moved around to the north and northeast of Chihuahua City and is attacking from that side in the hope of avoiding the curtain of fire which the Carranza artillery has been pouring into the ranks of the bandits.

Americans familiar with the topography of the city say Villa will be able to make his way into the city proper from the north without encountering artillery fire.

**Battle Before Dawn.**  
Before the telegraph line was cut, brief reports of the third day's battle for possession of Chihuahua City received by the military here told of the preliminary skirmishing just before dawn, which developed into a general attack at 4:30 a. m. A message was received today announcing the departure of General Francisco Murguía's cavalry column from the railroad line near Santa Rosalia for a forced march overland to Chihuahua City to relieve General Trevino's troops.

**Denies Report of Fall.**  
When informed of a rumor in El Paso that Chihuahua had fallen before Villa's attacks, Andres Garcia, inspector general of consulates, said: "There has been absolutely nothing received here to indicate such an event, and we control the only available sources of information. From our knowledge of the defenses of Chihuahua and of General Trevino's resources in men and arms, we do not feel any uneasiness."

Mr. Garcia, General Gonzales and other Carranza officials attended a banquet here tonight.

**ASK CABINET MEMBER.**  
St. Paul, Minn., Nov. 27. Elaborate plans are being made for the meeting of the Co-operative Equity exchange in St. Paul next month. The occasion is the dedication of the new terminal elevator owned by the farmers. Those in charge have asked that a cabinet member be sent to address the farmers of the Northwest. Secretary Daniels may be sent, according to a letter from Mr. Taft.

**YANKS CONSUL IN VILLA STRONGHOLD**

Marion Letcher.

Marion Letcher, U. S. consul, has been on the job in Chihuahua city, the center of Villista activity, ever since President Wilson gave the order to "take Villa, dead or alive." He is in the interior at a point from which egress would be difficult in case of actual danger. Mr. Letcher has been in Mexico as U. S. consul five years. Although he is only 34 years old he was a company commander in Cuba during the Spanish-American war.

**SUICIDE LEFT NO MARKS FOR IDENTIFICATION**

The suicide was identified here late today as J. E. Galt, whose address is unknown. He overlooked removing one laundry mark which gave the key to his name.

Fargo, N. D., Nov. 27. The transient who committed suicide here Sunday by sending a bullet through his head, removed every possible means of identification before killing himself.

Trademarks found to have been on his clothing such as laundry marks on shirt and collar, were all carefully removed.

The victim was found lying in the middle of a street in the fashionable residence section of this city.

**AMBULANCE PRICES BEING SECURED**

Major Steedman, military adviser to Governor Hanna, has almost completed inquiries on army ambulances, one of which is to be purchased for the North Dakota boys by donations made some months ago.

It has been hard to get delivery on the style of the ambulance desired and all that is necessary to close the deal is to ascertain the nearest point to Mercedes at which delivery can be made. It is expected that within a short time Major Steedman, E. H. Dummer and others in control of the fund will have the definite data.

The Tribune has turned over \$621.15 total collections, to Major Steedman. More is held by Mr. Dummer and when all donations have been collected, it is expected that the fund will total more than \$700.

**LOSES WEIGHT.**  
Chicago, Nov. 27. Seventeen pounds and a half off the weight, due to a dance given in their honor, the diet squad must make up weight. In this week's drive against the high cost of living, today's 40-cent menu follows: Breakfast Oranges, cereal, toast, coffee. Dinner Juliette soup, roast pork, glazed sweet potatoes, celery, pumpkin pie. Supper Cold sliced meat, country fried potatoes, bread, butter, apple sauce, tea.

**NORMAL SCHOOL 16,000 TO GOON, ASKS \$252,500**

**Proposition Already Has Safe Majority of all Votes Cast on Official Returns**  
\$125,000 TO BE PAID INTO MAIN BUILDING

**Anticipated That Structure Will Suffice for First Two Years**

With a majority of almost 16,000 on official returns from all but Eddy, Mercer and Oliver counties, and with a certainty that the lead will be enhanced by the vote of the two missing counties from west of the river, the Dickinson normal school is a certainty. The official count, with three counties yet to be heard from, stood this morning 16,376 for and 40,802 against. The vote is abnormal showing an unusual degree of interest in the state vote.

**Appropriation Asked.**  
The fate of the Dickinson normal definitely determined, the state board of regents this morning presented to the budget committee estimates of the sums which will be required by the institution for the ensuing two years. The total is \$252,500, divided as follows:

Maintenance, two years	\$40,000
Grading and grounds	2,500
Water and sewers	3,500
Plumbing and wiring	9,000
New Buildings	
Main building	125,000
Girls' dormitory	50,000
Central heating plant	10,000
Equipment	
Main building, furniture and fixtures	3,500
Dormitory	2,500
Living room and kitchen	1,500
Library	2,500
Chemical, biological and physiological laboratory	2,500
\$125,000 for First Unit	

The \$125,000 asked for is to provide for the first unit of the main building, which probably will supply sufficient room for the first biennial period, at the end of which time a wing will be added. A dormitory for girls is regarded imperative. In income items, the board of regents anticipates \$500 in tuition fees for the normal; \$3,500 for general maintenance, a total of \$252,500. The amount is practically the same asked for the Minot normal during the first two years.

**COST FRAZIER \$518.90 TO BE OUR GOVERNOR**

Lynn J. Frazier spent just \$518.90 to become governor of North Dakota by the largest vote given a candidate in the history of the state. The governor-elect filed his expense account with the secretary of state early.

Frazier was entitled to spend \$600, of 15 per cent of the \$5,000 which he will receive during his first year's service. In his expense he has listed railroad fare at \$180 and hotel bills at \$102.55, items which it is not necessary for a candidate to show. The largest single item was \$290 contributed to the Republican state central committee.

**TO GIVE POPE ONE MILLION**

Chicago, Nov. 27. The Chicago Catholic diocese, one of the largest in the world, is to contribute \$1,000,000 to replace revenues lost by the papal see because of the European war. It is estimated that 100 churches contributed to the fund Sunday.

**SAVES TWO GUINIS; DIPS HIMSELF IN CUNAHY HOTEL FIKE**

Portland, Ore., Nov. 27. Willard Dieting, 34 years old, saved two guineas in the Cudahy hotel fire here last night and then lost his own life. Six were injured and 12 jumped to safety.

Minneapolis, Nov. 27. Two hundred people attending a mass meeting here Sunday called for the Embargo league, drafted and forwarded to Washington resolutions asking for a food embargo.

**ACCEPTS POSITION HERE.**  
Miss Agnes Kavaney of Wabasha, Minn., arrived in the city Saturday and will fill the position of head toll operator at the office of the N. D. Independent Telephone company.

**SUBMARINE'S AIR REPORTED NEAR NEW YORK PORTS**

**Entente Boats Receiving General Warning All Along American Coast**

**WASHINGTON OFFICIALS GRANT ALARM**

**LAST WORD.**  
Washington, Nov. 27. Ambassador Gerard is to take back to Berlin, next week, America's last word in regard to the submarine issue, including notice that this nation proposes to write no more notes. If there are any more violations, the United States intends to carry out the terms of the Sussex note, which threatened to break off diplomatic relations with Germany.

New York, Nov. 27. The British cruiser Lancaster, 15 miles off Sandy Hook, flashed a wireless to all Entente vessels in the vicinity warning them that submarines were in the vicinity. A second attack, following that of the U-53 of six weeks ago, is feared.

**PROVIDENT BUSINESS NOW EXCEEDS \$700,000**

**New Life Insurance Company Makes Excellent Record Since July 1**

With its state agency force well organized, and with \$700,000 worth of actual business on its books, the Provident Insurance Co. of Bismarck, the youngest of North Dakota's "Old Line" life companies, may be said to have fallen into its stride.

The Provident now has policyholders in practically every county in the state. Its business is in the insured class, written mostly through banker agents, who are also stockholders, and who comprise the greater part of the sales force.

Chartered June 12, last, the Provident has written up to October 31, when the last statement was issued, \$649,500 in approved and accepted risks. Since the first of November more than \$100,000 new business has been added, and each month's record is surpassing the former. When the Provident received its charter it had no sales organization. Its present field force, one of the most efficient boasted of by any life insurance company operating in North Dakota, has been built up since July 1. As practically every agent is also a stockholder, there is a double incentive not only to write insurance but to write risks which will bear the closest examination. In many instances the examiner as well as the agent is a stockholder.

The funds of the Provident Insurance Co. are being invested in first mortgage farm loans within the state. The security is first class and the interest return altogether satisfactory. As generally as is practicable, the surplus is being reinvested in the territory which originates the business, and this is tending to popularize the company in territory where farm loans are much in demand.

All of the company's policies are sold well. Probably the one most in demand is the "savings accumulation" policy, which offers the purchaser the combined advantage of security and saving.

To date the Provident has confined its operations to North Dakota. Now well established here, it is planning January 1 to enter the state of South Dakota. Later the company will invade other states.

While the company is new, its officers are old in the insurance business. W. C. Taylor, the president, is insurance commissioner of North Dakota. O. S. Sanford, the vice president, formerly was insurance commissioner for South Dakota; F. L. Conklin, the secretary, has grown up in the general insurance business, and is head of one of the largest agencies in central North Dakota; H. B. Beach, actuary and assistant secretary, earned her insurance experience in Illinois, where she was connected with some of the largest companies; N. B. Pitch, state director of agents, has spent more than a quarter of a century in similar capacities with substantial eastern companies. Dr. W. H. Bodenstab is medical examiner.

The directors of the Provident are all men of established standing in their several communities. J. L. Bell is vice president of the First National bank of Bismarck; H. H. Dahl is vice president of the State Bank of Norman; W. L. Richards, president of the Merchants' National Bank of Dickinson; H. B. Allen is a prominent merchant of Jamestown; H. H. Steele is a member of the North Dakota tax commission and president of the First National bank of Mohall; W. H. Mann of New Salem, a merchant, banker and a member of the state railroad commission; Dr. L. S. Platon, a well known physician and farmer, is mayor of Valley City; John Knauf is a well established attorney of Jamestown; John E. Reuter is vice president of the First State bank of Underwood. These men with Messrs. Bodenstab, Sanford, Conklin and Taylor, compose the directorate.

**NEW JUSTICES SILENT ON MONDAY?**

**Fargo Report Says Justice-Elect Will Avail Selves of Old Provision**

**CAN'T RE-OPEN STATE LOCAL STATE OFFICIALS**

**Alleged Section 92 Was Meant To Be Effective Only for Emergency**  
(Tribune Special Service).

Fargo, N. D., Nov. 27. Justice-elect Grace, Robinson and Birdzell will seek to take their seats on the supreme bench next Monday, under section 92 of the state constitution, which provides that newly elected justices shall serve from the first Monday in December, instead of waiting until January 1, as has been customary. This announcement was received from authoritative sources here this afternoon.

**Can't Be Done?**

It can't be done, local authorities on constitutional law declared this afternoon when the Fargo dispatch was reported to them. "The provision referred to," said a prominent state official, "was enacted when North Dakota was admitted to statehood in 1889, in order that the state might not be without a supreme court to avail himself of the privilege."

"As a matter of fact, no officer can take his seat until he has received his official certificate of election from the state canvassing board. The state canvassing board does not meet until next Tuesday; assuredly the election of the new justices cannot be legally certified to before that time."

If an effort should be made by the justices-elect to take their seats next Monday, it will be contested by the retiring justices, was officially announced this afternoon.

**CHURCHES TO OFFSET NEW YEAR REVELS**

Chicago, Nov. 27. Chicago churches will have big New Year's Eve musical programs. Refreshments will be served and other features introduced to rival the lion cabarets. This is to meet the situation caused by the falling of New Year's Eve on Sunday. Sales of liquor in Chicago are to begin at midnight.

**GRAZED MAN HOLDS MOB AT BAY WITH GUN**

Philadelphia, Pa., Nov. 27. The police are trying to identify a man, grazed by a wound in the back, inflicted by stabbing, who seriously wounded three people here today and held a crowd of 1,000 at bay. He had fired several shots before he was overpowered and placed under arrest.

**PIGGER PLEADS GUILTY**

Viron Marshall, Arrested by Police Saturday Night, Awaits Sentence to Be Passed by Judge Nussle.

With several bottles of whiskey and beer facing him this time as evidence and not refreshments Viron Marshall, a laborer about 25 years old, decided to plead guilty to the charge of blindpicking shortly after being placed under arrest by Chief of Police and Officer Martinson Saturday night.

Marshall was arrested at his home in the vicinity of Washington and Broadway about 3:30 o'clock. When arraigned before Judge Dolan, he entered a plea of guilty. He now awaits sentence from Judge Nussle of the district court, which will probably be passed sometime today.

From time to time the police have been collecting evidence against Marshall, which with that taken Saturday night, left no hole from which he could escape.

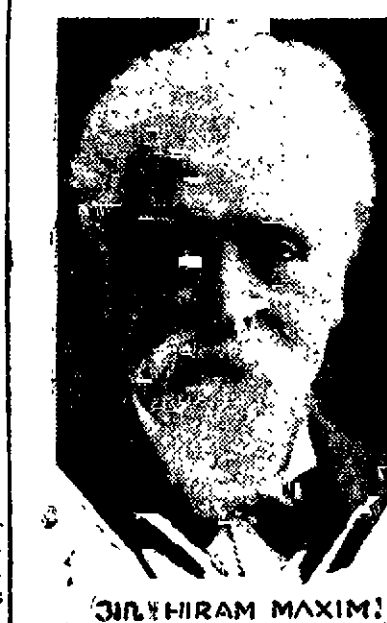

Later today Marshall was sentenced to 30 days in the county jail and a fine of \$200 with ten days additional if not paid.

**BOYS HOT UP NORTHWESTERN TRAIN IN IOWA**

Chicago, Nov. 27. It is reported that two youths held up and robbed a Chicago Northwestern passenger train on a Mississippi river bridge near Clinton, Ia., Sunday night. Four men were robbed of \$25.00 and three watches were taken.

**ROMANIANS FIGHTING FIRMLY TO STOP GERMAN DRIVE; TWO ARMIES CROSS DANUBE**

**DIED IN LONDON**

J. HIRAM MAXIM, Famous inventor of guns, ammunition and electrical appliances, who died in London last week.

**CREATION STATE LABOR BUREAU**

**LABOR BUREAU**

**IF COMMISSIONER**

Fargo, N. D., Nov. 27. Creation of a state bureau of labor, with duties of office to be conferred probably on the state fire marshal, was proposed by the federation of labor executive committee which met here Sunday.

The legislative program includes inspection of lignite coal mines and factories, statistics showing that 4,000 coal miners in North Dakota are unprotected.

An anti-injunction minimum wage for women, a compensation act and a child labor bill are other proposed laws.

**TWO DROWN NEAR VILLAGE OF LAKE PARK**

Lake Park, Minn., Nov. 27. Miss Ester O'Leary, 19 years old, and Frank Klin, 18, were drowned last night in Wagonwheel lake, near here, by skating through an air hole. The bodies were recovered ten hours later, after searching parties worked all night.

The double tragedy became known when Miss O'Leary's parents began an investigation on her failure to return home in the evening. Discovery of the air hole and a boy's hat in the water was the first intimation that the two had drowned.

**WILSON FORWARDING GREETINGS TO NEW KING OF AUSTRIA**

Washington, Nov. 27. President Wilson Sunday forwarded official greetings to the new emperor of Austria.

**DON'T BUY EGGS IS APPEAL OF GOTHAM OFFICIAL**

New York, Nov. 27. Joseph Hartigan, official of the bureau of weights and measures here, has appealed to the public not to buy eggs. There is a movement among some of the hotel men to leave their fruit of the menus and eggless recipes are becoming popular in the large centers where the price of eggs is strictly fresh eggs, has soared above the 50-cent mark. Unless something is done to break the corner, experts believe that eggs will reach the dollar-per-dozen mark before winter is over.

**TO RAISE ITS OWN TROUT**

Northern Pacific Fish Hatchery Being Built at Missoula to Supply Dining Cars.

Word reached here this morning to the effect that work is under way at Missoula, Mont., by the Northern Pacific on its fish hatchery, to be used exclusively for furnishing trout for the dining cars of the company.

**MAY EXTRICATE ARMY**

**Mackensen and Falkenhayn feel a Union of Their Forces**

**BATMAN CAPTURED SEEMS WITHIN ENEMY'S REACH**

**General retreat of Entente Forces Before Its End**

**Oslough**

**BULGARS FIRST.**  
Sofia, Nov. 27. There is complete co-operation between the Bulgarian troops and those of the Germans. Bulgar detachments with Falkenhayn's army were the first to cross the Danube near Sostova. Then Bulgarian fell into Bulgarian hands with a large store of grain.

Petrograd wires that the Germans are committing acts of brutality in Wallachia.

Berlin, Nov. 27. German forces, assisted by the Bulgars, are making a fierce drive on Bucharest, capital of Roumania. Already the air craft of the enemy is playing over the "Paris of the East." Germans believe that within a few days the capital will be reached, unless the Roumanians are able to extricate themselves from a tight place into which the master strategy of Mackensen and Falkenhayn has forced them.

The Germans have captured Alexandria in Wallachia, and Petrograd reports that the hard pressed Roumanians are taking advantage of all the natural features to resist every advance. The Teutons have pushed across the Vada river and established observation points.

German and Austrian troops under Lieutenant-General Krafft von Dellmensingen are advancing down both sides of the Alt valley from the north. They have thrown the enemy behind the Topologues sector.

The retreat of the Roumanians from the Alt and Topolis is in progress, but London dispatches hold out hope that the Roumanians may be able to extricate themselves from the tight place into which they have been forced. Germany has failed to state whether any prisoners were captured.

There is little activity on the French front. Artillery action is reported in the vicinity of Iabasse.

Italian dispatches state that Italy's firmer participation in the war will likely result from the reconvening of the chamber of deputies. Socialist Leader Turati says that he will demand that Italy make immediate peace. There is every indication that he will be attacked savagely when he proposes this.

**Effect Union.**

With the Teutonic armies advancing toward it from the west and southwest, Bucharest, the capital of Roumania, is in imminent peril. General Mackensen has crossed the Danube from Bulgarian territory to Zeonimitea and has effected a union with Falkenhayn's forces at Alexopdrila. All along the Wallachian front, the Roumanians are fleeing and applying the torch.

The Morning Post (London) correspondent, telegraphing from Bucharest, said that from ten in the morning until three o'clock in the afternoon Sunday, enemy air squadrons flew over the Roumanian capital and Chitila, dropping bombs. Several were killed and Roumanian aeroplanes engaged the hostile craft.

**Would Be Uncomfortable.**  
At Hermannstadt, Transylvania, where General Falkenhayn gave the neutral correspondents a banquet, he said that Bucharest would be an uncomfortable place when the Germans got their guns trained on it.

Sunday's official statements from German, Bulgarian, Russian and Roumanian capitals show the following offensive movements:

General von Falkenhayn's Banking movement operating out of Craiova, Orosova, Timiso-Severin and from south of Rothenburg.

From two points along the Danube Sofia claiming success.

A vigorous thrust northwest across the Danube in Dobruja, engineered by Field Marshal Mackensen. Berlin claimed successful launch.

In addition there is apparently no let up to the pressure from Hungary southward on the Transylvanian Alps.

**Distant From Capital.**  
Accepting all these statements as accurate, German or Bulgarian troops are now distant from Bucharest as follows:  
Islands in the Danube, claimed by Sofia to have been occupied by Bulgarian forces at Gurezovo (Gurzu), 26 miles due south of Bucharest.  
Crossing of the Danube in Dobruja and gaining of a foothold in a Roumanian soil claimed by Berlin probably not more than 60 miles distant.

### News Of North Dakota

#### GOLDEN IS UNDER ARREST

Man Who Started Fight In Minot Negro District Placed In Custody Last Week

(Tribune Special Service)  
Minot, N. D., Nov. 27. Edward Golden is under arrest on a warrant charging murder in the first degree. The charge grew out of the drunken row at the negro dance in the west end of the city a few weeks ago, in which Frank Gregg was killed. Golden, who is a negro, is the man who started the fight.

#### MAMMENA TO GO ON TRIAL

Special Term of District Court for Stutsman County Opened Today Jurors Report Tuesday

(By Special Correspondent)  
Jamestown, N. D., Nov. 27. The special term of district court of the fifth judicial district, Stutsman county, opened this morning and will continue through the regular December term. Judge J. A. Coffey will sit through the sessions. Today was devoted to the call of the calendar. The jurors subpoenaed will report at 9:30 o'clock tomorrow morning and it is likely the first case will be tried tomorrow afternoon.

**Mammenga to Face Trial**  
Among the many interesting cases to be tried at this term of court will be that of the state versus Albert Mammenga of Eldridge, charged with murder, who is now out on bonds. Details of the unfortunate affair involving Mammenga as stated in his preliminary hearing, are to the effect that on September 12 of this year, the defendant and a neighbor, Andrew Sonnenk, were threshing grain in a field near Eldridge. An argument arose, which resulted in blows

#### VALLEY CITY IN RUNNING

Makes Bid for Fourth Annual Conference of State Boys' Association

(By Special Correspondent)  
Jamestown, N. D., Nov. 27. The third annual state Y. M. C. A. conference was brought to a successful close late yesterday afternoon with a farewell get-together session, held in the Methodist Episcopal church. At the closing session, with one accord, the adult elders and delegates gathered here from all sections of the state voted the conference this year the biggest and best ever held.

**Delegates Participate**  
E. C. Wolcott, of Sioux City, who acted as leader at the conference, State Secretary A. B. Dale of Fargo, Bruce E. Jackson of Bismarck, and H. B. Frame of Grand Forks, were active as speakers at all sessions. Their talks were a great help toward making the "gathering" a success. Practically all of the 165 delegates present participated.

"The Master Man" served as the conference topic, while "Future Success" was also given a degree of prominence in all discussions. Valley City is favorite. The city in which the fourth annual conference in 1917 will be held will not be known for some time. The newly elected officers, named at the opening session Friday evening, will confer in the near future and decide on this issue. Valley City made a strong bid for the 1917 session and there is every probability she will be named.

#### GILBERTSON CASE GOES ON

Minot, N. D., Nov. 27. The trial of the case of the state against Gorbard Gilbertson, charged with first degree rape, was started the latter part of last week. The case was transferred from McKenzie to Ward county.

#### McCORMICK COMING TO STATE PENITENTIARY TOO

Minot, N. D., Nov. 27. Peter McCormick, a familiar character about the city, entered a plea of guilty to robbery in the district court last week and was sentenced to serve a year at Bismarck. It was alleged that he held up and robbed John Sweeney, taking a roll of money from his victim.

#### JURY FINDS MAXIMUM FOR PEOPLE'S IT MEANS LIFE

Minot, N. D., Nov. 27. Claude Peoples was found guilty of murder in the first degree here yesterday. The penalty is imprisonment for life in the state penitentiary. The case engaged the attention of the court and the jury since last Thursday. Peoples was convicted of the murder by shooting Frank Gregg at a negro dance in the negro section of the city a few weeks ago.

#### AFTER-DINNER SMOKE FOR JAMESTOWN BORDER BOYS

Jamestown, N. D., Nov. 27. Members of Company H, Jamestown Troopers, N. D. N. G., are assured bounteous Thanksgiving day spread. Word was received in this city today that Mrs. James Gray, wife of Captain Gray, and Mrs. Howard Smith, wife of Lieutenant Smith, have arrived safely at Merced and have delivered the blankets and the Thanksgiving luxuries as provided by the people of Jamestown.

Charles Klaus and Steve Still, both of this city, Saturday forwarded cigars to the boys so that they may top off the feed with after-dinner smokes.

#### MAN CAN FARM AND GROW RICH IN GOOD OLD STATE

Wildrose, N. D., Nov. 27. Here is an illustration how the northwestern North Dakota farmer can make money. John O. Monger farmed three quarters this year. His Marquis wheat averaged 12 bushels to the acre and his flax 15. He had a trifle over 2,000 bushels of wheat which grades No. 1 hard. He has already sold it to his neighbors for seed at market, which ranges at something above \$1.75. Nineteen hundred bushels of flax are also stored. Besides this he has 2,000 bushels of oats. Monger stated that he bought 160 acres from John Lobse last spring for \$3,200. He got crop enough from this piece to pay for the land.

#### JAMESTOWN BANKS ARE IN THRIVING CONDITION

Jamestown, N. D., Nov. 27. Jamestown banks are doing a thriving business and this fact verifies the claim that conditions in this district are of the best. Statements at the close of business November 17 show the high water mark for deposits and resources, over two and one-half millions.

#### BLOCK AT DEERING RAZED TO GROUND BY BIG BLAZE

Towner, N. D., Nov. 27. The large two story cement block building at Deering, owned by Fred L. Allen, the first floor of which housed his general store stock, was totally destroyed by fire Sunday morning. He estimates the value of the stock at \$18,000 and the building at \$5,000. Insurance totaled \$15,000. Dr. R. W. Campbell, who had offices and living apartments on the second floor, lost all. Mr. and Mrs. Cowan were also losers to the amount of about \$300.

#### TOLL OF LIVES HITS CANADA

Former Granite Man Returns From Dominion, Unfolding Conditions Relating to Labor

Granville, N. D., Nov. 27. Grave fears are felt in Canada over the prospects of handling next year's crop in the opinion of Fred Dilts, former resident of this place, who spent several days here last week en route to Iowa from Hearne, Sask. Good wages are being paid for help, he reports, owing to the fact that so many Canadians are being sent to the front. Dilts stated that it was difficult to get harvest hands this fall and that if conscription is forced, as threatened, practically every able-bodied man in Canada will be sent to Europe. He cited one case to show how the male population is being reduced. A year ago eight young men from Hearne were employed by the company he represented. All of them enlisted. Up to the time of leaving news had been received announcing the death in battle of seven of that number, while the eighth was still reported missing.

#### HATTON MAN NEAR DEATH FROM EXPLOSION ON FARM

Hatton, N. D., Nov. 27. Thrown against a wire fence from the force of an explosion, Clarence Viseth, living east of town, is in a serious condition because of the injuries sustained. When the gas lights refused to work last week, Viseth took a lan-

**\$17.00**

72 x 108 inch sets, a good selection of patterns at the set

**\$18.50**

#### SALIS IS FINE FOR KIDNEYS, QUIT MEAT

Flush the Kidneys at Once When Back Hurts or Bladder Bothers. Meat Forms Uric Acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, get about four ounces of Jad Salts from any druggist or pharmacy and take a tablespoonful in glass of water before going to bed for a few days and your kidneys will then act fine. This famous salt is made from the acid of grape and lemon juice, combined with Epsom salt and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending kidney disorders.

Jad Salts are preventive and cannot injure. They are a delicate effervescent chemical which all regular users should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

Don't sell your Turkeys and Chickens until after you call us up. We pay highest market price.

## Entertains At House Early for Guests

Miss Winifred Knudsen entertained Saturday evening at her home in Avenue B, at a house party in honor of Miss Olwen Hughes of Aberdeen, S. D., but formerly of this city, and the young hostess' cousin, Miss Aremson of Huron, S. D. The guests included Philip and George Blank, Paul Doh of New Salem; Peter Nelson, Jewettown; Ralph Hanson, Miss Eva Hanson, Cecil Peters of Mandan; Joseph Barth, Warder and Franklin Roberts, Paul and Eugene Wachter, Fred Lock, George Bennett, John Madsen, Mr. and Mrs. P. M. Wilson, Miss Flora Harrison, Violet Schroeder, Helen Luray, Edna Bartell, Edna Anderson, Geraldine Penwarden, Martha Stribe, Myrtle Green, Eva Bond, Elsie Smith and May Hime. The party was also entertained yesterday afternoon at a hayrack ride to Apple creek, where the members enjoyed skating for an hour.

### To Visit Mother Here.

Miss Hortense Moore, principal of the Steele high school, will return to the city this week to spend the Thanksgiving vacation with her mother, Mrs. William Moore, of Fourth street.

### To Visit Relatives Here.

Mrs. George Banger of La Porte, Ia., is expected to arrive in the city to spend Thanksgiving with her son and daughter-in-law, Mr. and Mrs. Robert E. Banger, of First street. Mrs. Banger will spend some time in the Capital City before returning to her Iowa home.

### Club Musicals.

The Mandan Musical club will give its opening program for the season this evening in the Commercial club rooms. A most interesting program has been arranged and will open at 8 o'clock. Representative members of the club will present the program.

### Union Thanksgiving Service.

A union Thanksgiving service will be held Thanksgiving Day in the Presbyterian church. Rev. W. J. Hutcheson, D. D., will preach the sermon and special music will be furnished by the Presbyterian church quartet, composed of Miss Elizabeth

## SUFFRAGE WORKER TO ADDRESS MINOT WOMEN

Mrs. Benedict of Denver, Col., who is working in the interest of votes for women in the state, will invade Minot this week. She is expected to arrive in that city Wednesday and give an address the same evening in the auditorium of the high school. A preliminary meeting is being arranged for the afternoon by Miss Nan McMahon of Minneapolis, who is doing advance work.

## BISMARCK SALVATION ARMY ISSUES REPORT

The Bismarck Salvation Army has just issued its annual report for the year ending September 28. The Capital City branch of this organization has accomplished considerable work during that time and a most satisfactory year has been closed.

The report shows that \$3,554.45 was received during the year for this branch. This was received from collections and contributions of members; \$758.51 from the general public; \$422.72 for the Christmas dinner contributions; \$334.98, self denial and harvest festival contributions; \$57.12 received from other income and \$47.48 balance on hand in the treasury.

The army furnished during the year 1,009 garments and shoes and 206 meals, besides other relief work. During the year 109 homes were visited and 751 hours were spent in visiting the needy. Meetings held were 386 in all. Of these 314 were held on the street, 57 in the hall and 15 for children. The total attendance was 3,574, and 193 professed conversions were made. Meetings were also held at the penitentiary and state reform school, Mandan.

The disbursements are as follows: Payments on Army property in main street ..... \$260.00 Light and heat ..... 228.18 Officers' sick benefit fund ..... 3.00 Officers' burial fund ..... 4.68 Young People's work ..... 57.14 Missionary fund ..... 192.35 Postage and stationery ..... 54.00 Telephones and telegrams ..... 41.15 Car fares ..... 62.30 Salary of officers in charge ..... 56.25 Expense of visiting officers ..... 56.25 Furnishings and replacements ..... 277.60 Christmas dinner and poor relief ..... 622.71 Divisional oversight ..... 282.15 Meetings in Mandan ..... \$1.30 Sundries ..... 3.65 Payments on account band instruments ..... 86.71 Balance on hand Sept. 29, 1916 ..... 15.28

Since the above report was made complete payment has been made on the instruments recently purchased for the brass band, amounting to \$315. Capt. Murphy is in charge of the local Army.

## SCHOOL NOTES

Supt. J. M. Martin of the public schools is desirous of securing the co-operation of the parents regarding the pupils' monthly reports. In some instances the pupils have failed to pass in the examinations and in others the marks have been very low. The superintendent believes if the parents would interest themselves in the work of the children that the standards would be satisfactory. It is the belief of the school head that the pupils "making the low marks" are not studying to their full capacity and he thinks that by the timely aid of the father or mother this could be corrected. When the marks are too low the matter should be taken up by the parents with the superintendent and in this way the pupil might be helped to make up the deficiency. Supt. Martin is very anxious to aid all he can and only asks the co-operation of the parents for the sake of the child.

A general teachers' meeting will be held Friday afternoon in the high school, at which time Supt. Martin will give a report of the annual North Dakota Education association meeting recently held in Fargo.

Traut Officer G. B. Newcomb returned Wednesday from a six weeks' visit in the east.

Prospects are bright for a fine skating rink near the high school. It is expected that the water will be turned on shortly. It is the hope of those interested in the rink that the city authorities will contribute the light and water gratis.

The seniors under the direction of C. E. Bolt, principal of the high school, are arranging an interesting program for the Thanksgiving exercises which will be held in the auditorium next Wednesday. Governor L. B. Hanna will be the speaker.

The first bunch of the Palmer penmanship work from the various grades has been sent to the board of the A. N. Palmer company, Cedar Rapids, Mich. The papers cover 25 lessons of this system, and if satisfactory, buttons will be given the contestants.

Oh, You, Jeannette. We have so many congressmen Whose ways are dark and shady How joyfully we welcome, then, The coming congress lady.

I wonder, is she old and stout, or is she young and pretty? How long the members will stay out Who are on her committee!

We'll hear no more of shabbiness Among our legislators. She'll make them formal in their dress: they'll wear boiled shirts and gaiters.

Her maiden speeches will be known For charm and grace of manner; But who on earth will chaperon The member from Montana? Christopher Morley in New York Times.

## BEGIN HOT WATER WASHING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and a sore throat, if your head is dull or aching, if what you eat seems to do you no good, if you feel nervous, or you are bilious, constipated, or you are slow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of Limestone phosphate which is inexpensive and almost tasteless, except for a smooth twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleanser, sweetener and freestener, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.

## BISMARCK HAS ONE OF BEST LABORATORIES IN NORTHWESTERN STATES

Probably one of the best equipped public health laboratories in the northwest is that which is now located at Bismarck, as a branch of the state public health laboratory. This laboratory is now equipped to attend to all public health service, except the chemical examination of water. New floors have been laid in the office, new woodwork has been put in and the walls have been redecorated, making the quarters beautiful, clean and up to date. This laboratory is under the direction of Dr. George H. Richardson, from the University of North Dakota.

### Luther League Meeting.

The Luther league of the Swedish Lutheran church will be entertained Wednesday evening by Miss Robert Hoorn at her home, 221 Fourth street. An interesting program has been arranged for this meeting.

### BUYS A FARM NEAR WILTON.

Lawson Walker of Omaha, Neb., was an arrival in the city last week and will spend several days here. Mr. Walker recently purchased a half section of land about 27 miles north of Wilton from non-resident parties living in Iowa. The Walker family will move to that vicinity in the spring.

"THERE'S A REASON."

## NORTH DAKOTA LIBRARY REFERENCE WORK BEING HANDLED EFFICIENTLY

Secretary of State Commission

Defends Present System in

Her Department

In connection with the discussion going on in the press of the state concerning the uniting of the three libraries at the capitol under one management, it is interesting to note how legislative reference work is managed in other states. Missouri, North Dakota and Wisconsin conduct this work under the supervision of their public library commissions.

"This is a much more economical way of managing the work than to carry it on as a separate bureau, as is done in California, Illinois, Nebraska, Ohio and Virginia," says Mrs. M. C. Rudlong, the secretary in those five states, the expense of the separate legislative reference bureau is from \$3,000 to \$12,500 per year, while in North Dakota the legislative reference department costs not over \$2,500 a year.

In older states, the expense of legislative reference work approximates \$20,000 a year, this being the amount of appropriation in Wisconsin. In states like New York, having an annual session, it is necessary to keep the legislative reference bureau running on a large scale. In North Dakota, having only a biennial session, it is possible to keep the expense down by combining this work with the educational reference work of the library commission.

"North Dakota is unique in having an educational reference department under its public library commission. Pioneer conditions in an agricultural state demand this correspondence work with individuals, schools and study clubs. When the state has developed to the point where a central county library takes care of the library work for individuals in each county, the educational reference work can be most economically combined, as either department uses the clippings prepared in the other. It is a saving in books and periodicals purchased, in stenographic and clerk hire, in preparation of material and in supervision. The North Dakota legislative reference bureau, under its present management, has given very satisfactory service at a minimum expense.

"Nine states have a so-called 'state library,' having charge of all library activities in the state. This differs from the North Dakota state library, which is entirely a supreme court law library. When other states speak of a 'state library' they mean an agency doing all the work done in North Dakota under the supervision of the public library commission. In 29 states, library activities are centralized under a public library commission. In nine states they are performed by the state library. Centralization of library activities is certainly to be desired but it seems an impossibility in the capitol at present. Good conditions forbid this. When a new capitol is built, there should be a building or a wing specially planned for the housing of the various libraries now scattered throughout the capitol, and specially trained for supervision of the library activities of the state as a whole. Until that time there would be no economy in rearranging the libraries."

## The Manualo

"The Player Piano that is all but human"

It is safe to buy a Manualo The Charm

of the Manualo is in its life it is not a cold machine, but more like a living being, radiating living music, answering instantly to every demand of the pianist.

Its charm is further in its unsurpassed features for musical expression and control, its musical effects of soft and loud contrasts, and of accents never before dreamed of in other player-pianos.

Its charm is in its wearing qualities, in the absolute compactness, the tested durability of all working parts.

Its charm is in its ease of playing. Playing the Manualo is a pleasure, not a physical effort. The whole attention of the pianist is on the music, to feel it, and to enjoy its rendition.

The Manualo is found exclusively in the pianos made by The Baldwin Company: The Baldwin Manualo, The Hamilton Manualo, The Hamilton Manualo, The Howard Manualo.

# FANS WAIT TO IF YOUR TICKETS FOR BIG MATCH

Novak-North Card Promises To  
Be Best Attended Match in  
City for Years  
ADVANCE SALE OF SEATS  
WILL OPEN TOMORROW  
Both Aspirants Rested Yesterday  
Only to Resume Training for  
Bout Again Today

More than 300 wrestling fans of  
Bismarck and the surrounding coun-  
try are impatiently waiting are ear-  
ly anticipating the coming of to-  
morrow to devour the advance forty-  
eight hour of the select assortment  
of seats for the first big wrestling  
event of the season: the Thanksgiving  
eve card to be staged in the ar-  
mor, Wednesday evening, Novem-  
ber 23.

Tickets for the match in which D.  
North of Minot, claimant of the mid-  
dle-weight championship of North Da-  
kota, and Joe Novak, the home con-  
undrum, will be in the custody of the  
clerks of several of the leading hotels  
in the morning. From the spirit of  
loyalty which has grasped the city  
since announcement of the match, it  
is evident that spordism of Bismarck  
is going to be there in force to be  
the home "boy" all the support pos-  
sible.

Both Aspirants Rested Yesterday.  
Both aspirants to the middle-weight  
championship rested yesterday. It  
was Sunday, of course. Novak did a  
little parading on the downtown  
streets; his opponent did likewise.  
Both began training again this morn-  
ing for a physique which will be test-  
ed to every inch of strength on the  
mat next Wednesday evening. For his  
morning menu, Novak met four local  
men throwing them as fast as pos-  
sible. He would throw one, who  
would take a rest until his turn  
came, and then meet him again. This  
lasted about an hour. He then took  
a four-mile cross-country run.  
Ever since last year when he tossed  
"Sailor Jack," North has been dick-  
ering for a match with Novak. Dif-  
ferences could never be settled until  
this month. That the bout will be  
fast and have its display of pyrotech-  
nics in the flashes from both is evi-  
denced in the fact that they are of  
equal build and weight, both young  
and active and that the match is for  
the house receipts which will prob-  
ably amount to several hundred dol-  
lars.

**COLD STORAGE PROBE.**  
Chicago, Nov. 27. It is estimated  
that \$35,000,000 worth of food is held  
in cold storage. Investigators are  
probing the report.

# ARGUMENT ARE CONTINUED

Evidence in Paving Injunction Case  
Completed, Saturday Afternoon  
in District Court.

Evidence in the case of the prop-  
erty owners of the Second district  
against the city commission, the  
hearing of which was on before Judge  
Nuesle the latter part of last week,  
was completed late Saturday after-  
noon and arguments started.  
The phase of the arguments was to  
the effect that the Ford Paving com-  
pany was a foreign corporation and  
had not complied with the law in fil-  
ing its articles of incorporation when  
the contract was entered into with  
the city, the plaintiffs claiming that  
this invalidates the contract.  
The arguments were continued un-  
til next Saturday.

# He's A Bachelor. Favors Compulsory Hail Insurance.

Compulsory hail insurance is abso-  
lutely the thing, says S. A. Olness,  
the new commissioner of insurance.  
And in the next breath he confess-  
es that he is a bachelor.

**May Need Insurance.**  
Of course, there may be no connec-  
tion, but a young state official enjoy-  
ing single blessedness certainly will  
stand in need of insurance of some  
kind.

Olness came in from Sheyenne last  
week to give his new job the once  
over. He likes Bismarck as far as he  
has gone, and says it will be no hard-  
ship to spend at least two years here.

**About Love Insurance.**  
The new commissioner has several  
ideas about insurance. Perhaps he

# STEIN MAJORITY REDUCED TO 200 IN LATE COUNT

Official returns from all but two  
counties on the state chausseurs-  
hip this morning gave John Stein 51,349  
and Patrick M. Casey 51,149, a lead of  
an even 200 for the incumbent.

**Scottsboro Amendment.**  
The official vote on the bootlegger  
amendment, with five counties miss-  
ing, stood at noon today 48,142 for  
and 39,334 against, a majority of  
8,808 in favor of the adoption of the  
amendment.

hasn't read Earl Derr Biggers' recent  
novel, "Love Insurance," but friends  
promise to supply him with a copy.  
Bills Prepared.

Commissioner-elect Olness states  
that several bills have been prepared  
for early introduction in the Fifteenth  
Legislative assembly, and he antici-  
pates considerable legislation affect-  
ing insurance matters.

Retiring Commissioner Taylor in  
his annual report recommends a com-  
plete revision of the insurance code  
of North Dakota, which he declares  
antiquated and incomplete, and there  
is no doubt that his suggestions will  
receive consideration from the law-  
makers.

# MRS. ROISSEVAIN DIES AFTER A BRIEF ILLNESS

Los Angeles, Cal., Nov. 27 Mrs.  
Inez Milholland Boissevain died last  
Saturday evening after a brief illness.  
Mrs. Boissevain was stricken sud-  
denly while addressing an audience  
in this city during the recent cam-  
paign and fainted on the platform.  
She was removed to the hospital and  
her husband and parents  
rushed from New York to join her.  
Miss Vida Milholland, sister of the  
noted suffragette, was with her when  
she was stricken and has been in  
constant attendance since that time.  
Inez Milholland Boissevain had  
been for many years widely known  
for her activity as a woman suffragist,  
a social welfare worker, an advocate  
of socialism, and as a practicing law-  
yer.

As a student in Vassar College,  
1905-9, although known as the college  
beauty and possessed of wealth and  
position, she shunned society as such,  
and shocked the more conservative  
college opinion by her radical social  
views.

# MINOT NORMAL GRADUATES TO GOOD POSITIONS

All Who Desire to Teach of This  
Year's Class Have Procured  
Good Schools

**FRANKLIN T. QUINN FOR  
TEACHERS ARE SENT IN**

(Special to the Tribune.)  
Minot, N. D., Nov. 27. All the 1916  
graduates who desire to teach have  
procured positions, in almost every  
case, directly through the bureau of  
recommendation which is maintained  
by the state Normal school.

Nearly as many more positions  
could have been filled, as frequent  
requests for teachers have come in  
throughout the summer and the fall  
terms. The wages offered by em-  
ploying boards show a slight increase  
over those of last year, the salaries  
ranging from \$80 to \$90, with an av-  
erage of \$89.50 for the 39 members  
teaching.

Teachers who have taken positions  
are as follows:

Fern Anderson, principal, Lansford;  
Nellie Arnold, grades one and two,  
Des Lacs; Margaret Aurland, primary  
grades, Poplar, Mont.; Olga Barke,  
grade four, Wilton; Eva Blanding,  
grades one to four, Aurelia; Sara  
Bohan, grade seven, Rugby; Edith  
Eunker, rural school, Kenmare; Pearl  
Cornell, primary, Deering; Clara  
Christensen, grades three and four,  
Des Lacs; Florence Dale, home eco-  
nomics, Akely, Minn.; Evelyn Dennis,  
music and drawing, Steele; Florence  
Duncan, grade eight and high school,  
Belwick; Hazel Follis, grades two  
and three, Omamee; Margaret Ful-  
ler, primary, Columbus; Edna Goheen,  
rural school, Loraine; Mamie Gas-  
mann, grades one to four, Cato; Olivia  
Halverson, primary, Junita; Mae Hines,  
grades three to four, Portal; Marian  
Hansen, grades one to four, Heimdahl;  
Marie Kelly, grades three to five, Burling-  
ton; May Keady, upper grades, Amelia;  
Ruth Lonne, primary, Burlington; Della  
Mower, rural school, Sheyenne; Esther  
Nichols, primary, Sawyer; Inez Nord-  
stent, grades six and seven, Poplar,  
Mont.; Helga Oyen, primary, Burling-  
ton; Irma Olsen, rural, Harrison dis-  
trict, Minot; Alma O'Keefe, rural,  
Stanley; Lillian Power, grades seven  
and eight, Mandan; Otto Rom, prin-  
cipal, Charbonneau; Laura Rohe, pri-  
mary, Lansford; Adele Stiehm, grade  
three, Wilton; Beulah Southery, pri-  
mary, Garrison; Clara Thompson, prin-  
cipal, Crosby; Jennie Van Sickle, in-  
termediate, May; Beulah Walker,  
grades four and five, Poplar, Mont.;  
Bessie Wilson, primary, Sherwood;  
Cecilia Yelle, grammar, Newburg; Ly-  
da Boney, Max.

# LASHY CUPPER MACHINE WINS FROM ILLINOIS

Sport World Concedes Western  
Football Honors to Mighty  
Minnesota Team

**CAPTAIN PATTON WINS  
HIS FOOTBALL CAMER**

Chicago, Nov. 27. The University  
of Minnesota's mighty gridiron ma-  
chine of this surprising season passed  
into the things that were Saturday  
night, writing its name heavily on  
sportsworld's history by defeating the  
University of Chicago team 49 to 0.

Today Ohio State is the champion  
team of the Big Nine conference by  
reason of its defeat of Northwestern,  
but the sport world gives the Ohioans  
but scant recognition; for the Gophers  
are deemed one of the mightiest ele-  
ments that ever chopped the turf of any  
western field.

Showing the same powerful, driv-  
ing, crushing attack which ground  
Iowa 67 to 0, and Wisconsin 54 to 9,  
the Gophers rolled up 11 touchdowns  
on Stagg's team Saturday afternoon,  
which, with seven accurate goals by  
Frank Mayer, made up the almost  
half century of points.

The Gophers started early in the  
game, drove over for two touchdowns  
in the first quarter, two more in the  
second and third, and one in the  
fourth.

**Maroons Fight Hard.**  
Chicago fought doggedly. The Ma-  
roons put up a much stiffer resistance  
than did Iowa or Wisconsin. No long  
runs featured today's one-sided win,  
as in the Badger-Gopher fray. The  
Gophers had to battle for each yard.  
But Stagg's Maroons were outclass-  
ed; the team was up against an eleven  
which was too powerful, which  
possessed too much drive.

**BIG SALE.**  
Fifteen hundred pounds of chickens  
and turkeys for sale. Gussner's  
Butcher Shop, Mandan.

# WESTERN PLAYERS INITIAL MIDDLES BY 15-7 SCORE

Army Eleven (Lewis Famous An-  
napolis Clew Oliphant Is  
Star

**FORMER PUK-UP STAR  
PULS BUN FOR 90 YARD**

Many figures prominent in Na-  
tional Affairs Attended  
Big Contest

New York, Nov. 27. The Army won  
from the Navy 15 to 7 Saturday after-  
noon on superior class.

The Army canin mascot barked sa-  
lutes as often as the game permitted  
and was easily superior to the Navy  
goat, which barked when paraded be-  
fore the Army stands.

The parade of the blue 700 from  
West Point excited the grimly plod-  
ding army 1,200 from Annapolis.  
And the cadet backfield of mid-  
western state veterans proved far  
more spectacular and efficient than  
the newly launched freshman dread-  
naughts on whom the Annapolis sup-  
porters had counted for an upset of  
the dope and, for victory.

**Makes 90-Yard Run.**  
Oliphant, former Purdue star, pulled  
the stellar stunt of the game with  
a 90-yard run from the first kickoff.  
He scored the Army's first touch-  
down a moment later.

**MOTHER AND FATHER  
SACRIFICE CUTICLE  
TO SAVE SON'S LIFE**

Neighbors Made Sacrifice Satur-  
day Grafting Necessary By  
ery Two Days to Save Life

With an appeal sounded and no re-  
sponse, Mr. and Mrs. H. C. Pherrill,  
Tenth street south, today gave a por-  
tion of their cuticle, that it might be  
grafted onto the burned portion of  
their son, Clarence, 15 years old, at  
point of death in St. Alexis hospital  
from a jack-o-lantern burn, received  
the first of this month.

Mr. and Mrs. Pherrill, old-time  
friends of ours, consented to come to  
our aid Saturday and both made sac-  
rifices," said the father of the young  
boy Saturday afternoon. "but you see  
the doctor tells me that it will be  
a sacrifice every two days."

Clarence Pherrill celebrated All  
Saints day and carried his gaily over  
to November 3, when he took his  
little jack-o-lantern to bed with him.

According to the story told by the  
father Saturday, the candle ignited  
a portion of the mattress and the boy  
ran to his parents almost a burn-  
torch.  
The flames were quickly extin-  
guished but not until an area over the  
left side, the left arm and the neck  
and hands, were badly burned.

August Fickweiler, aged 44, who  
gave his address as Garrison when  
entering one of the local hospitals  
died Sunday morning at 8:30. His  
body is being held at the A. W. Lucas  
funeral parlors in an effort to locate  
relatives. He had been a patient in  
one of the local hospitals for nearly  
two weeks.

# A Backward Season Finds This Store Overstocked on Suits and Overcoats

THE warm weather and general crop conditions force us at this time to cut our prices in the midst of the selling season to get quick action and dispose of our Fall and Winter Garments.

If ever printers' ink carried a memorable announcement to our friends and patrons, this is it. Tomorrow morning we put on sale our entire stock of Suits and Overcoats at the uniform reductions quoted below and this in the face of the fact that advancing prices in dyestuffs and piece goods MAKE THE GARMENTS WORTH 20 TO 25 PER CENT HIGHER than when we purchased them a short time ago.

But such considerations we do not weigh. Our fixed merchandise policy is to clear our racks at the close of each selling season--irrespective of past, present or future value of the suits or overcoats hanging upon them.

**Suits** cut over the more popular models in fancy worsteds, cassimeres, chevils, silk mixes, Tartans, Glen Urquharts, Striped Flannels and Blue Serges.

**Overcoats** in loose and form fitting models tailored from Mellons, Vincunas, Kerseys, Knitted Cloths, Elysians, Oxfords and innumerable others in all weights, patterns and colors.

Suits and overcoats made to sell at \$60. now **\$37.50**
